

Not all pharmacies and Independent Grocers carry all products within the GAIA range but most local pharmacies and grocers can order your favourite GAIA products in for you quickly and easily. This leaflet provides them with the codes they need to order GAIA Natural Baby and GAIA Pure Pregnancy product through their wholesalers. All you need to do is take the information below to your Pharmacy or Grocer, let them know which product you would like them to order, and most places will order them in for you – simple...!

Metcash Code	API, Sigma and Symbion Code
This allows your independent grocery to access the codes needed to order in your required GAIA products. For example IGA.	This allows your local pharmacy to access the codes needed to order in your required GAIA products.

SEE TABLE OVER PAGE. The following pharmacies may stock some GAIA products however they do not participate in special ordering: Priceline, My Chemist, Chemist Warehouse, Chemplus and National Pharmacies.
